The true limits of our potential are hidden deep within our minds, obscured by the psychological walls and bound to the mental shackles we've developed over time. These intangible restrictions that keep us from understanding our true selves and reaching enlightenment can only be overcome through psychedelic-induced ego death.

A transformative guide written in two parts, *The Beginner's Guide to Ego Death* will illuminate the path to self-discovery and fulfillment by providing profound insights into the human psyche and detailed information on the best psychedelics to use and their effects. Whether you're a seasoned psychonaut, a psychedelic newbie, or simply curious about the nature of ego death, this book will awaken your innate potential as you learn to:

- ▶ Understand the human psyche
- ▶ Learn the different psychedelics and their effects
- ▶ Navigate the complexities of reality
- ▶ Explore the depths of consciousness
- ▶ And more!

Written by an expert psychonaut and mindfulness teacher fueled by divine purpose, *The Beginner's Guide to Ego Death* offers a flawless roadmap to achieving ego death through psychedelics and ultimately tapping into your inner wisdom and strength.

ABOUT THE AUTHOR

AJ Murrillo, an introspective detective from Brooklyn, New York, bravely explored the inner landscapes of the psyche through ego death experiences. Encounters with the depths of consciousness ignited her path. It is AJ's divine purpose to spread the wisdom trusted to her by the Universe. Residing in Ecuador, AJ is a freelance writer specializing on topics related to mental and spiritual well-being. In her digital diary, AJ shares personal experiences of self-evolution, insights on spiritual development, and advice on healing, inviting others to explore enlightenment with her at ThePhilosophersRoom.com.

Packed with in-depth instruction and photos, this guidebook teaches the skills needed to survive and live in the wild using only those things found in the woods or in other natural landscapes. Learn how to ignite a fire with a two-stick hand drill, erect temporary and semipermanent structures, and more with wilderness experts John and Geri McPherson.

“During my first years of learning survival I took a course in survival and primitive earth skills taught by John and Geri McPherson. I was excited by their unbelievable passion and their intrinsic understanding of survival. Their teachings took me from understanding basic skills to a full-blown love for the ancient technologies that humans developed to survive. John and Geri are the real deal. They don’t just teach this stuff, they live it. I loved the experience with them so much I came back a second time a few years later. Now that I have traveled the world as Survivorman—experiencing and filming survival in every ecosystem there is—I can sit back and watch my shows and see John and Geri’s teachings peek through in every situation. I have been able to understand survival because of John and Geri, and can highly recommend this book.” —Les Stroud, aka Survivorman

ABOUT THE AUTHOR

Married for over 20 years, John and Geri McPherson lived on 46 acres of undeveloped land in the Flint Hills of Kansas. Everything man made on their property had been done by them. They taught many members of the military Special Operations Forces, including A-Teams, Rangers, and SEALs. Twice a year, they used to run a special class on strictly primitive wilderness living and survival skills for instructors from the US Army Special Warfare Command’s SERE survival school.

What She's Hiding

A Thriller

Art Bell

For readers of Harlan Coben and Laura Dave, a gripping modern-day noir thriller featuring a hotshot lawyer unexpectedly drawn into a web of violence and intrigue by the ex-wife he hasn't spoken to since their bitter divorce, written by the former president of CourtTV.

From the day he first met her, Leslie Dunlop had excelled at deception, but Henry Gladstone, a lawyer at a white-shoe Manhattan firm, couldn't say no. Their white-hot affair became a marriage filled with secrets and lies that collapsed as spectacularly as it began.

Cut to today: Leslie, who Henry hasn't heard from since their divorce was finalized, bursts into his office and announces that if he doesn't hand over a quarter-million dollars, they'll both be killed. Henry dismisses her story as a stupid attempt to steal his money and—despite his still-smoldering desire for her—tells her to get lost. But when he comes home to find his apartment ransacked, he begins to think this time Leslie may be telling the truth. And now that he desperately needs to find her, she's disappeared again.

In a harrowing journey through the glittering heights and shadowy corners of New York City, where the legal world meets the dark underside of the city, Henry assembles a team that includes his best friend Aiden, a private investigator named Gabriela, and Aiden's ex Emma to track down a missing engagement ring, stay one step ahead of the Russian mob, and uncover the secrets of Leslie's past. As the screws turn tighter and tighter, Henry must learn who he can trust to uncover the truth...before it's too late.

In *What She's Hiding*, Art Bell masterfully weaves a noirish tale of suspense and emotional turbulence as a dangerous woman draws Henry ever further into a high-stakes game that neither one of them may survive.

ABOUT THE AUTHOR

Art Bell is a writer and former television executive known for developing and launching the Comedy Channel (later Comedy Central) while at HBO; and, as president of Court TV.
