

# INTRODUCTION

Welcome to *101 Unofficial Roblox Story Starters*, where your love for one of the world's most popular games meets a kickstart in creativity. Just as the game invited you to explore imaginary worlds of all kinds, this book is full of ideas to get the gears of your imagination turning. Whether you need help for a writing project in school or you want to write stories for fun, these story starters are designed to get your creative juices flowing.

Writers use story prompts all the time. It's a great way to inspire your next adventure through words. Will you write about something funny? Will you write about your favorite animals? You get to decide, and the result will be a story that is all yours and that no one can ever change but you!

## HOW TO USE THIS BOOK

First, ask yourself what genre of story you would like to write. Are you looking for adventure or something along the lines of humor or horror? Perhaps you don't know what you're looking for quite yet, and you need a little inspiration to get you started. To begin your story, follow these steps:

- ✘ Locate the subject you're interested in within the table of contents.
- ✘ Once you find a subject, start brainstorming ideas about your character and setting.
- ✘ Start writing about what your character does, the events that happen to them along the way, and how your story might end.
- ✘ Introduce another character to your story if you think your character needs to meet someone else.
- ✘ Provide lots of details. What does your character look and sound like? What stands out about their location? Try to make the reader of your story feel like they are right there with you!
- ✘ Create an ending, and tie up any loose ends.

Remember, these are only starters and prompts. You can fill in the blanks in any way you want to. Change the character name, game, location, or any other details you would like to re-create. The beauty of your story is you are in complete control of what happens. You are limited only by your imagination.

## ARE YOU STILL FEELING STUCK?

It's okay, we all need a little help sometimes. If you feel like you can't dream up any new ideas, all you need to do is ask yourself a few more questions. Soon, the plotlines and possibilities will multiply.

- ✘ What is my character thinking? Why is my character acting this way?
- ✘ What is my character doing throughout my story? What kind of action takes place to move the story along?
- ✘ What happens to my character or to the world that I've imagined? What does my character have to do to achieve their goals?
- ✘ What kind of ending does my story have? Does the ending resolve my character's conflict, or are there still questions left unanswered?

## HOW TO FIND INSPIRATION WITHIN ROBLOX

Inspiration for your stories can be found anywhere! It doesn't take long to find something to spark your imagination, especially if you look at your favorite books or video games. Take the world of *Roblox*, for instance. Whether it's overcoming a pesky obstacle we refer to as an "obby" or making an adorable little digital friend we call a "meep," wherever you look, you can find a nugget to inspire your future story.

The game of *Roblox* is full of ideas you can use anytime you craft a story. Think about how many different games are within the world of *Roblox*, each created by someone who used their own ideas to invent it. *Roblox* takes it further by creating genres within the games, similar to how genres are used for books. Try experimenting with different genres and subgenres to make your own story.

Next time you're playing *Roblox*, notice how similar playing a game is to telling a story. First, you'll see where the game takes place—this is called the setting. Then, your character is introduced to the game and must now interact with the surroundings and other characters. And there is always some type of conflict in the world of *Roblox*! The game tells a story about life as a Robloxian, and now you can too.

How will your story begin?

## CHAPTER 1

# ADVENTURE

From high schools to the high seas, you'll find plenty of adventures throughout the games of *Roblox*. If you want to add a memorable experience to your own story, use these story prompts to get started.

## CHAPTER 2

# TOWN AND CITY

It takes a lot of work to build a new city and then keep the town running. The Town and City games in *Roblox* are no exception. From city jails to dream neighborhoods, you can find tons of ideas within your own city block.

# CHAPTER 3

# BUILDING

Look around within *Roblox* and you'll quickly see all the building taking place. Whether it's a skyscraper or a scary roller coaster, it takes a big imagination and a lot of work to keep constructing these extraordinary places.
